

## Discover and explore the creative works Nambour has to offer across the laneways and streets of the CBD.

The loop walk should take up to two hours, so stop off and enjoy a delicious snack with a coffee or a refreshment in one of the cafés along the way.

The trail loop is approximately 3km with many artworks to discover, highlighting local history, colourful stories and contemplative images and sculptures by talented local and national artists. Along the way discover hidden emerging gems of creative installations and a thriving creative street culture.

Nambour is well worth a visit, so enjoy your exploration and share a selfie with your favourite work, hashtag the artists and #nambour #sunshinecoast #nambourpublicart #publicartsunshinecoast

The ever-evolving works are a diverse mix of commissions and collaborations with Sunshine Coast Council, community groups, local businesses and artists.
